

RESOLUTION NO. 2016-246

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELK GROVE APPROVING THE GENERAL PLAN AMENDMENT, EAST ELK GROVE SPECIFIC PLAN AMENDMENT, SMALL LOT TENTATIVE SUBDIVISION MAP, DESIGN REVIEW FOR SUBDIVISION LAYOUT, AND ABANDONMENT OF IRREVOCABLE OFFER OF DEDICATION FOR RIGHT-OF-WAY AND A DRAINAGE EASEMENT FOR CROOKED CREEK ESTATES EAST (EG 15-050)

WHEREAS, the East Elk Grove Specific Plan (EEGSP) was originally adopted by the County of Sacramento in February 1996 (Resolution #96-0115) with 1,400 acres for residential, commercial, light industrial, office, schools, parks, and open space bounded by Bond, Waterman, Grant Line and Bradshaw Roads; and

WHEREAS, the City of Elk Grove became the land use authority upon incorporation in 2000 and has since approved several amendments to the EEGSP to reconfigure land uses as well as subsequent entitlements required for development within the project area (e.g., tentative subdivision maps); and

WHEREAS, in January 2005, the City Council approved an amendment to the EEGSP for Crooked Creek Estates (EG-03-099) to reconfigure and rezone land, and to approve a tentative subdivision map and design review for 78 single family residential lots, a park, a school, and open space; and

WHEREAS, the tentative subdivision map for Crooked Creek Estates, including all discretionary and statutory extensions, will expire on January 17, 2017; and

WHEREAS, in January 2014, the City Council approved tentative maps for the Fieldstone North Project (EG 13-004) including the option to transfer five acres of park land from Crooked Creek Estates to Fieldstone North for the continuation of Derr Okamoto Park as a larger community park site. The Cosumnes Community Services District exercised that option by purchasing the open space land in Fieldstone North, which resulted in the reduction of 26 single family lots within the Fieldstone North subdivision; and

WHEREAS, the proposed land use changes and new tentative subdivision map for Crooked Creek Estates East (Project) as described in Exhibit A complete the transfer of park and open space land previously approved by City Council for Fieldstone North; and

WHEREAS, General Plan Land Use Element Policies LU-21 and LU-22 state that land uses and development in the EEGSP area shall generally conform to the adopted policies and corresponding land use map. The ordinance adopting EEGSP allows for minor amendments to the plan, subject to formal review by the Planning Director and determination by the Planning Commission. Previous land use amendments approved in 2005 were determined to be minor in nature and did not require General Plan Amendment. Proposed General Plan Amendments reflect previously approved and current proposed amendments within the Crooked Creek Estates project area; and

WHEREAS, the proposed General Plan Amendment will implement the previously-approved park land transfer to Fieldstone North as well as previous minor land use amendments approved in 2005 as shown in Exhibit B; and

WHEREAS, the proposed EEGSP Amendment will change the land use designation of Residential 4 to Residential 5, and will rearrange the acreages and boundaries of the project site's land use designations that also includes a school site, a park site, and open space consistent with previously-approved park land transfer to Fieldstone North as shown in Exhibit C; and

WHEREAS, the proposed Small Lot Tentative Subdivision Map for the Project will repeal and replace the previously-approved tentative subdivision map on the site; and

WHEREAS, the proposed Small Lot Tentative Subdivision Map will create 121 single-family residential lots, a school site, a park site, and an open space area consistent with Exhibit D, which includes an allocation of 26 surplus units above and beyond the original 95 unit allocation for the Project within the EEGSP maximum of 4,513 units; and

WHEREAS, the proposed Design Review for the Small Lot Tentative Subdivision Map will approve the subdivision layout for the Project consistent with the Elk Grove Design Guidelines as shown in Exhibit D; and

WHEREAS, the proposed abandonment of a portion of the Irrevocable Offer of Dedication (IOD) located outside of the required right-of-way for this Project, as shown and listed on Exhibit D, serves no purpose as originally intended by the previous map approval; and

WHEREAS, with the realignment of the existing drainage pipe within the extension of Black Swan Drive right-of-way, the proposed abandonment of the existing drainage easement, as shown and listed on Exhibit D, serves no purpose as originally intended. As a result of the drainage pipe realignment, the existing drainage easement will be abandoned on the final map pursuant to Government Code 66434(g) as part of the City Council action; and

WHEREAS, the City determined that the Project is subject to the California Environmental Quality Act (CEQA); and

WHEREAS, State CEQA Guidelines Section 15162 identifies that projects consistent with a general plan for which an environmental impact report was certified are exempt from CEQA; and

WHEREAS, an Environmental Impact Report was prepared and certified for the East Elk Grove Specific Plan as part of its adoption in 1995 (SCH #94112053) and

Mitigated Negative Declarations were prepared for both the Crooked Creek Estates (EG 03-099) original tentative map approval and the Fieldstone North (EG 14-003) tentative map approval including the option to transfer five acres of park land; and

WHEREAS, the Planning Commission held a duly noticed public hearing on November 17, 2016, as required by law to consider all of the information presented by staff, property owners, and public testimony presented at the meeting and recommended by a vote of 4-0 that the City Council approve the land use change, tentative subdivision map and design review for subdivision layout, and abandonment of IODs; and

WHEREAS, the City Council held a duly noticed public hearing on December 14, 2016, as required by law to consider all of the information presented by staff, property owners, and public testimony presented at the meeting.

NOW, THEREFORE, BE IT RESOLVED, that the City Council finds that no further environmental review is required under the California Environmental Quality Act for the Project pursuant to State CEQA Guidelines Section 15162 based upon the following finding:

California Environmental Quality Act (CEQA)

Finding: No further environmental review is required under the California Environmental Quality Act pursuant to State CEQA Guidelines Section 15162.

Evidence: The proposed project is exempt from CEQA under to CEQA Guidelines Section 15162. This exemption applies to projects that are consistent with a General Plan for which an environmental impact report (EIR) was prepared. An EIR was prepared and certified for the East Elk Grove Specific Plan (EEGSP) as part of its adoption in 1995 (SCH #94112053). Additionally, an Initial Study and Mitigated Negative Declaration was prepared for the Crooked Creek Estates Project (EG 03-099) and Fieldstone North Project (EG13-044), including consideration of the park land transfer. The proposed Project is consistent with the Mitigated Negative Declarations and EEGSP EIR. Therefore, this project qualifies for the identified exemption and no further environmental review is required.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby approves the City of Elk Grove General Plan Land Use Map as illustrated and described in Exhibit B (incorporated herein by this reference) based upon the following finding:

General Plan Amendment

Finding: The proposed General Plan Land Use Map Amendment is consistent with the General Plan goals, policies, and implementation programs, including previous City Council action to approve the transfer of five acres of park land from Crooked Creek Estates East to Fieldstone North within the EEGSP.

Evidence: General Plan Land Use Element Policies LU-21 and LU-22 state that land uses and development in the EEGSP area shall generally conform to the adopted policies and corresponding land use map. The ordinance adopting EEGSP allows for minor amendments to the plan, subject to formal review by the Planning Director and determination by the Planning Commission. Proposed General Plan Amendments reflect previously-approved land use amendments and current proposed amendments within the Crooked Creek Estates project area, which are a result of the City Council action to transfer five (5) acres of park land from Crooked Creek Estates East to Fieldstone North within the EEGSP as previously approved.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby amends the East Elk Grove Specific Plan as illustrated and described in Exhibit C (incorporated herein by this reference) based upon the following finding:

East Elk Grove Specific Plan Amendment

Finding: The proposed amendment to the East Elk Grove Specific Plan is consistent with the General Plan goals, policies, and implementation programs.

Evidence: General Plan Land Use Element Policies LU-21 and LU-22 state that land uses and development in the EEGSP area shall generally conform to the adopted policies and corresponding land use map. The ordinance adopting EEGSP allows for minor amendments to the plan, subject to formal review by the Planning Director and determination by the Planning Commission. Proposed General Plan Amendments reflect previously-approved land use amendments and current proposed amendments within the Crooked Creek Estates project area, which are a result of the City Council action to transfer five acres of park land from Crooked Creek Estates East to Fieldstone North within the EEGSP as previously approved.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby approves the Small Lot Tentative Subdivision Map as illustrated and described in Exhibit D (incorporated herein by this reference) with conditions of approval as listed in Exhibit F (incorporated herein by this reference) based upon the following finding:

Small Lot Tentative Subdivision Map and Abandonment of Irrevocable Offer of Dedication and Drainage Easement

Finding: The proposed Small Lot Tentative Subdivision Map (including Abandonment of IOD and Drainage Easement) is consistent with the RD-5 Zoning District standards and City improvement standards.

Evidence: The Project meets all the minimum development standards for RD-5 zoning including minimum density, lot size, lot width and lot depth. Additionally, the Project does not propose to deviate from any of the City's current improvement standards. Engineering comments regarding the proposed improvements and phasing thereof have

been incorporated into Project conditions of approval (Exhibit F) and includes a special exhibit and conditions for the planned intersection improvements for access to Waterman Drive (Exhibit E).

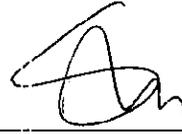

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby approves the Design Review for subdivision layout as illustrated and described in Exhibit D (incorporated herein by this reference) based upon the following finding:

Design Review for Subdivision Layout

Finding: The proposed Subdivision Design Review is consistent with the Elk Grove Design Guidelines.

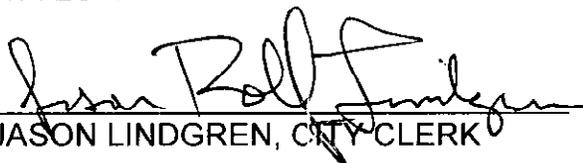

Evidence: The Project connects and abuts existing and approved single family residential land to the north and east. There are three points of vehicular access (north, east, and west) with a modified grid street pattern for easy access to and through the Project site. The subdivision is designed with relatively short block lengths, two looped streets and two cul-de-sacs. The looped street and cul-de-sacs abutting open space provide direct pedestrian connections to the trails. The Project provides front, side and rear lot adjacency to both the four-acre park site and the 10-acre school site.

PASSED AND ADOPTED by the City Council of the City of Elk Grove this 14th day of December 2016

STEVE LY, MAYOR of the
CITY OF ELK GROVE

ATTEST:

JASON LINDGREN, CITY CLERK

APPROVED AS TO FORM:

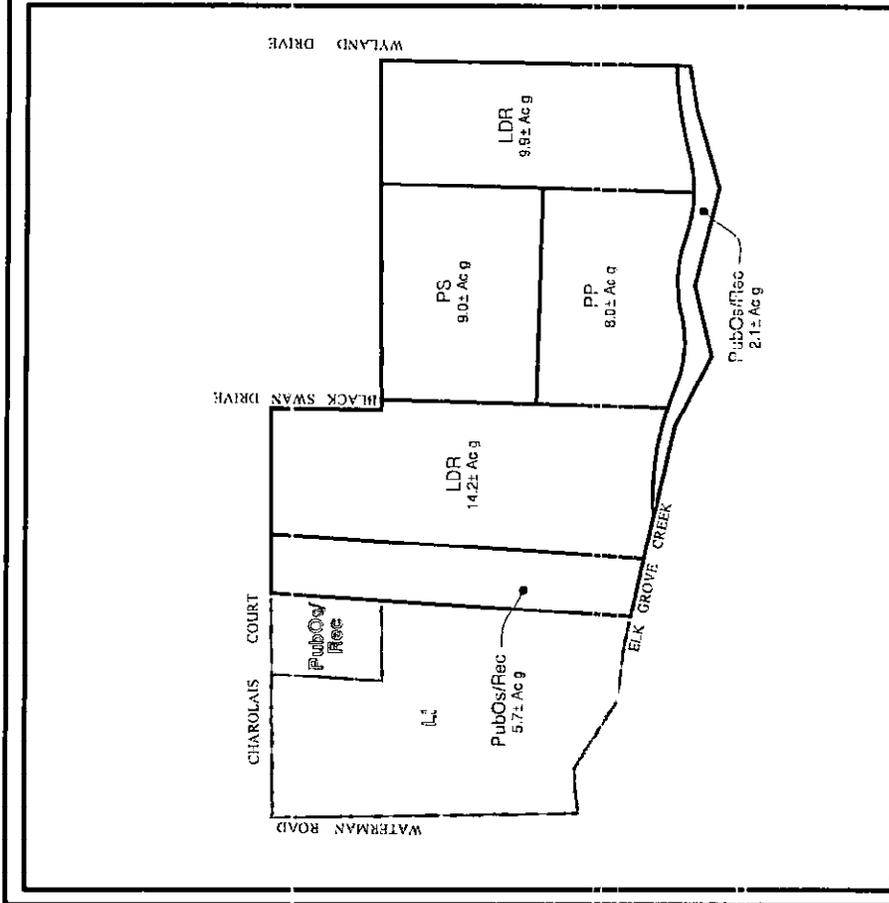

JONATHAN P. HOBBS,
CITY ATTORNEY

Exhibit A
Crooked Creek Estates EG-15-050
Project Description

The Project consists of land use changes and a new subdivision map to implement the previous transfer of park acreage to Fieldstone North as previously approved by City Council, adjust open space/drainage acreage, and a corresponding transfer of residential lots consistent with the overall East Elk Grove Specific Plan (EEGSP) unit allocation. Requested and required entitlements are as follows:

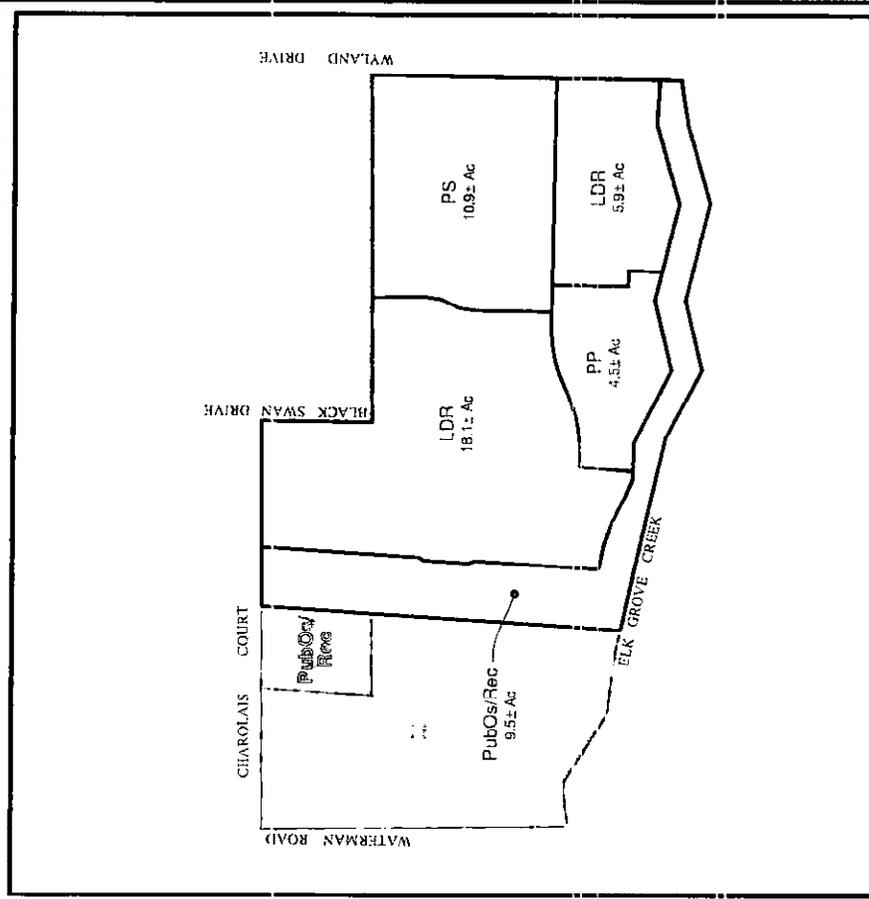

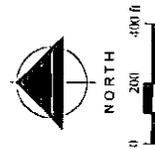

- General Plan Amendment to modify land use boundaries and acreages of the existing General Plan land use designations of Low Density Residential, Public Schools, Public Parks, and Public Open Space/Recreation;
- East Elk Grove Specific Plan Amendment to change the land use designation of Residential 4 to Residential 5, and to rearrange the acreages and boundaries of the project site's land use designations that also includes School, Park, and Open Space;
- Rezone to change the zone district of Single-Family Residential-4 du/ac (RD-4) to Single-Family Residential-5 du/ac (RD-5), and to rearrange the acreages and boundaries of the project site's zoning designations that also includes Open Space (O);
- Small Lot Tentative Subdivision Map to subdivide the 44.9-acre project site into 121 single-family residential lots, school site, park site, and open space area (including IOD and Drainage Easement Abandonment); and
- Design Review for subdivision layout

NOTES

1. This map is a preliminary statement of the proposed lots and is not a guarantee of the accuracy of the information contained herein. The information contained herein is for informational purposes only and is not to be used as a basis for any decisions. The information contained herein is subject to change without notice and is not to be used as a basis for any decisions.
2. The bearings and distances shown on this map were obtained from a traverse run by the engineer on the ground. The bearings were obtained by a magnetic compass and the distances were obtained by a steel tape. The bearings were corrected for magnetic declination and the distances were corrected for temperature and tension. The bearings and distances were then used to compute the bearings and distances of the lines of the traverse. The bearings and distances of the lines of the traverse were then used to compute the bearings and distances of the lines of the traverse.
3. The benchmark used for this map is a benchmark established by the U.S. Coast and Geodetic Survey. The benchmark is located at the intersection of the lines of the traverse. The benchmark is a concrete monument with a metal cap. The benchmark is located at the intersection of the lines of the traverse.
4. This tentative map is a preliminary statement of the proposed lots and is not a guarantee of the accuracy of the information contained herein. The information contained herein is for informational purposes only and is not to be used as a basis for any decisions. The information contained herein is subject to change without notice and is not to be used as a basis for any decisions.

<u>Conditions of Approval</u>		<u>Timing / Implementation</u>	<u>Enforcement/ Monitoring</u>	<u>Verification (date and signature)</u>
On-Going				
1.	Development and operation of the proposed Project shall be consistent with the Project Description and Project Plans as provided in Exhibits A and B, incorporated herein by this reference. Deviations from the approved plans shall be reviewed by the City for substantial compliance and may require amendment by the appropriate hearing body.	On Going	Planning	
2.	This action does not relieve the Applicant of the obligation to comply with all Elk Grove Municipal Code provisions, statutes, regulations, and procedures.	On Going	Planning	
3.	The Applicant/Property Owner and any Successors in Interest (hereby referred to as the "Applicant") shall indemnify, protect, defend, and hold harmless the City, its officers, officials, agents, employees, and volunteers from and against any and all claims, damages, demands, liability, costs, losses or expenses including without limitation court costs, reasonable attorney's fees and expert witness fees arising out of this Project including challenging the validity of this approval or any environmental or other documentation related to approval of this Application.	On Going	Planning	
4.	Except as otherwise specified or provided for in the Project plans or in these conditions, the Project shall conform to the development standards and design requirements adopted by the City of Elk Grove, specifically including but not limited to the following: <ul style="list-style-type: none"> • East Elk Grove Specific Plan • The Elk Grove Zoning Code (Title 23 of the EGMC) • EGMC Chapter 19.12 (Tree Preservation and Protection) • EGMC Chapter 14.10 (Water Efficient Landscape Requirements) • Citywide Design Guidelines 	On Going	Planning Engineering

Prior To or In Conjunction With Improvement and/or Grading Plan Submittal or Approval				
8.	The development approved by this action is subject to the Mitigation Monitoring and Reporting Program (MMRP) adopted for the East Elk Grove Specific Plan and the MMRP for Crooked Creek Estates EG 03-499. A deposit of \$5,000 for monitoring mitigation measures applicable to this development shall be paid to the City in order to assure MMRP compliance. If actual City monitoring costs exceed the initial estimate, a revised estimate and/or supplemental bill(s) will be submitted to the Applicant. If actual City monitoring costs are less than the initial estimate, the difference will be refunded to the Applicant. If the Project be constructed in phases between multiple parties, additional deposit(s) shall be required to the satisfaction of the Development Services Director.	Prior to issuance of any plans or permits associated with this Project, the Applicant shall submit the deposit to the City of Elk Grove.	Planning	
9.	The Planning Division shall be notified immediately if any prehistoric, archaeological, or paleontological artifact is uncovered during construction. All construction must stop and an archaeologist that meets the Secretary of the Interior's Professional Qualifications Standards in prehistoric or historical archaeology shall be retained to evaluate the finds and recommend appropriate action. A note stating the above shall be placed on the Improvement Plans.	Improvement Plan	Planning	
10.	All construction must stop if any human remains are uncovered, and the County Coroner must be notified according to Section 7050.5 of California's Health and Safety Code. If the remains are determined to be Native American, the procedures outlined in CEQA Section 15064.5 (d) and (e) shall be followed. A note stating the above shall be placed on the Improvement Plans	Improvement Plans	Planning	
11.	Applicant shall prepare and submit a drainage study to the satisfaction of the City and in accordance with City of Elk Grove Storm Drainage Master Plan, Improvement Standards, General Plan, and any other applicable drainage master plans or studies.	Improvement Plan or Grading Permit(s), Whichever	Engineering

		Occurs First		
12.	The Applicant shall prepare and submit a Post-Construction Stormwater Quality Control Plan in accordance with the City of Elk Grove Improvement Standards and most recent version of the Stormwater Quality Design Manual for the Sacramento Region. The Applicant shall also submit a separate maintenance manual describing proper maintenance practices for the specific treatment controls to be constructed.	Improvement Plan or Grading Permit(s), Whichever Occurs First	Engineering	
13.	The Applicant shall design, publically bid, and construct the Wyland Drive bridge over Elk Grove Creek in accordance with the City's, Improvement Standards and to the satisfaction of the City. Eligible costs associated with the construction of the bridge are subject to reimbursement by the City as set forth in the Elk Grove Roadway Fee Program. To be eligible for reimbursement, the Applicant shall: <ol style="list-style-type: none"> 1. Enter into an Acquisition and Reimbursement Agreement with the City prior to construction of the improvement; and 2. Comply with all pre and post-bidding procedures as required by the City and State law. 	Improvement Plan	Engineering Public Works	
14.	The Applicant shall map the 100-year floodplain boundary, identify Special Flood Hazard Areas (SFHAs), determine Base Flood Elevations (BFEs) in the vicinity of the Project, and revise the existing 100-year floodplain limit to ensure that 'A' Drive at Waterman Road is not located within a SFHA. The Applicant shall submit to the City all the information required to apply for a Conditional Letter of Map Revision (CLOMR) with FEMA, where applicable, and obtain acknowledgment from FEMA that the application is deemed complete prior to issuance of any grading and/or site improvement permits. Provided that the Applicant proceeds with reasonable diligence in securing a CLOMR, as determined in the reasonable discretion of the Development Services Director, the Applicant may proceed with grading and/or site improvements upon issuance of necessary permits from the City (not including building permits). Any such grading and/or site improvements shall be at Applicant's risk, and,	Improvement Plan	Engineering Public Works

	<u>Conditions of Approval</u>	<u>Timing / Implementation</u>	<u>Enforcement/ Monitoring</u>	<u>Verification (date and signature)</u>
	shall result in at least two points of access to arterial and/or thoroughfare streets, to the satisfaction of the City.			
23.	Civil and landscape plans for public improvements required of the subdivision shall be approved by the City prior to approval of the corresponding final map.	Final Map	Engineering	
24.	The Applicant shall dedicate to the City of Elk Grove, public utility easements for underground facilities and appurtenances as shown on the tentative map adjacent to all public streets to the satisfaction of the City.	Final Map	Engineering	
25.	The Applicant shall dedicate to the City Lot D in fee.	Final Map	Engineering	
26.	The Applicant shall dedicate, design and install the multi-use trail as shown on the tentative map in accordance with the City's Bicycle, Pedestrian and Trails Master Plan and to the satisfaction of the City.	Final Map	Engineering	
27.	With the exception of the drainage easement 750417 O.R. 704, all parcels to be dedicated in fee to the City, as a condition of this tentative map, shall not be encumbered with any easements nor shall it be subject to a deed of trust at the time of the dedication on the final map. A partial re-conveyance for any deed of trust shall be submitted along with the final map for City Council Approval. The Applicant shall also provide title insurance in conjunction with all fee title dedications to the City of Elk Grove.	Final Map	Engineering	
28.	The granting of any easement to any other person(s) or entity, once the tentative map has been approved is prohibited, unless otherwise approved by the City. Should such grant be inadvertently provided it shall be subordinated to any dedication of streets or easements to the City of Elk Grove as shown on the final map. A subordination document shall be submitted along with the final map for City Council approval.	Final Map	Engineering	
29.	Unless otherwise approved by the Elk Grove Unified School District (EGUSD), the Applicant shall reserve Lot A (School) for a future school site through an	Final Map	EGUSD
